SCHEDULING TERM – REQUIRED READING

Before schedule a session there are some things that you must know.

1. The **minimum age** for appointment is 21 years. If you are not that old, save my time and do not fill out the form.
2. Before schedule a session make sure that you will not have any problems that lead you to uncheck it at the last minute, **my time is precious** and it is not for anyone. If you uncheck the session in the last hour, without a plausible justification, you will have to pay 50% of the tribute value to compensate for my time lost and the sessions that I left out of because of you - **and risk not having the privilege of serving me again.**
3. **I do not accept, under any circumstances**, submissive under drugs or alcohol effect at the session moment. If this happens, the full value of the session will be charged and **it will be canceled.**
4. **Consummation, place and taxi costs** are, obviously, yours expenses and are not included in the tribute.
5. **On the day of the session** you must arrive, at least, 30 minutes in advance. Only after confirmation of arrival I'll go to the place.
6. **I do not tolerate delays.** I have a busy schedule. If you get late, the time will be deducted from the session time. Again, be aware of your schedule and available time before you waste my time.
7. **I DO NOT HAVE SEX** and it's not negotiable. You are scheduling a session with a **Dominatrix**, not with a call girl.

8. **Hygiene is a priority for me.** Therefore, all accessories used in session are properly sanitized and always checked. That way, neither yours or my health is at risk.
9. **I'm an SSC advisor** (Safe, Sane and Consensual). I believe that this type of negotiation should – or should – always happen, regardless of whether it is a session with a Professional Dominatrix or not.
10. Before starting the session I always combine a **safe-word**. While all practices are consensual, I will test and surpass some of its limits with new experiences.
11. **Understand:** overcoming limits and disrespecting limits are not the same thing.
12. I do not schedule "on time" sessions. Sessions are scheduled only with one day in advance. If you would like to schedule a session for the same day, contact in the morning **to try** schedule in the afternoon or evening.
13. Requests can be made humbly, if I deem it pertinent, it **will be up to me to decide** whether to grant them or not.
14. **Be aware:** completing the form does not mean that you will have the privilege of serving me, only that your profile will be analyzed. All my submissives are rigorously selected.
